

# INTERNSHIP PROGRAM

Clinical Research Strategies (CRS) and the University of Pittsburgh School of Medicine have formed an affiliation to provide senior-year PhD Candidates (years 4 and above) with an opportunity to gain experience in clinical and regulatory affairs, medical writing, consulting, and business development!

## Who is CRS?

Clinical Research Strategies is a contract research organization and executive management consultancy for start-up and mid-size life sciences companies. CRS is committed to the life sciences ecosystem of the Pittsburgh region and realizes the importance of relationships with local universities, such as Pitt.

### ATTEND THE INFO SESSION!

Dr. Julie Cramer, Director for Clinical and Regulatory Affairs, and a Pitt SOM Alum, will join us on **March 16 at 3pm** to tell you more about this opportunity! Register for the info session!

**THURSDAY, MARCH 16, 3PM**

Or use this link: <https://tinyurl.com/uut8uus3>

## Who is Eligible?

School of Medicine senior-year PhD candidates (years 4 and above)

## How will this Program Work?

Students need to commit up to 10 hours/week to the program for up to 16 consecutive weeks.

## Is a Mentor's Approval Required?

To ensure you can complete your research and training, and meet your program milestones, your mentor and your program director both need to approve your plan to participate. The Graduate Studies Office is committed to helping navigate this process.

## Vision and Mission

CRS is committed to providing enriching experiences for senior-year PhD students in the areas of clinical and regulatory affairs, medical writing, and business development.

Pitt School of Medicine is committed to providing opportunities for graduate students to develop professional skills to prepare them for a variety of careers.
